3/3/26

UI/UX Testing Plan

A05

Task A

Goal: 10 tasks to create :)

Starting:

Homepage,

Online payment

2. Target Audience: Students @ Frandscan University

Devices and browsers tested: Desktop

=> instructions
to user

2 Metrics:

① Task Completion Rate:

↳ Did the user finish the task? (Y/N)

↳ Measures: is navigation flow actually usable?

↳ Severity: if $< 60\%$ of users complete a task, that's an issue

② Number of clicks to completion:

↳ Count how many clicks it took vs. the expected minimum

↳ Measures: are they able to navigate well? Extra clicks = poor/confusing layout

↳ Severity: 2x or more clicks than expected

Task 1: Find your Profile

↳ Start from Homepage

Goal: OPEN your own student profile

Instructions: Find: open your personal profile page

Completion: User is on their profile page

Task 2: Edit Profile

↳ Start from the Homepage

Goal: edit and save a change in the profile bio

Instructions: Add or change something in your profile bio

Completion: Bio field has a new change now

Task
